

## Healthcare Access for Consumers On-The-Go

Convenient and easy to use, NHR Mobile makes the most of HSA, HRA, and FSA health benefit accounts. Now consumers can manage their health benefits with real-time access to important account information on the go. View account balances. Submit healthcare account claims. Capture and send receipts along with Explanation of Benefits. Configure text message account alerts. Consumers may easily download our mobile solutions from either the Google Play Store or the iTunes App Store for iPhone, Android, and tablet devices.

### With NHR Mobile, consumers can:

- Check FSA, HRA, and HSA account balances
- View account activity and receive alerts via text message
- View HSA transaction details
- File new claims with receipt images
- Review expense information
- Enter a new expense
- Upload receipts using the mobile device's camera
- Manage expense receipts
- Upload your Explanation of Benefits
- Click to call or email Customer Service
- Report a lost or stolen debit card

### DID YOU KNOW?

According to the Pew Research Center, nearly half of all American adults own a smartphone of some kind. As a result, the market for mobile applications has exploded, which means if your employees aren't already demanding mobile access for their account information, they soon will. And now it can be delivered with the convenience they need with NHR Mobile.

## Get started with NHR Mobile in Minutes

To get started, all you need to do is search for "NationalHR" in the app store on your Android or Apple Device and download the app. After successfully downloading the app, you can log in using the same password you use to access the NationalHR consumer portal.

*Any Questions Call  
856.810.0700*

NHR Mobile is fully secure anytime, anywhere. Log in to the intuitive app using a personal health benefits website username and password.

Secure encryption is used to protect all transmissions with no sensitive account information stored on the mobile device. NHR Mobile is a "must-have" for those on the go!
